## Mobile/E-Commerce

With Inclera's cloud-based payment processing solution, your existing device becomes a powerful revenue tool.

### Ideal for:

- E-commerce
- Mobile
- In-Store
- Back office/mail and phone order

Connect your web-enabled device with a PIN pad and printer, and you're ready to accept a full range of payment types, including:

- Credit
- Interac debit
- Electronic gift cards

## Safe & Secure

Inclera offers advanced security for all of your customers' payments, regardless of how you accept them.

Our PCI compliance program gives you the tools you need to comply with the Payment Card Industry Data Security Standards (PCI-DSS). This means that you will be protecting your customers with the highest level of data security.

And while you're protecting your customers, we are protecting you, with solutions that minimize your exposure, if a data breach happens.

## We're Here For You

Your business's growth is our mission. We believe in working alongside you, to provide the advice, tools and support that you need to reach your business goals.

We're here to work with you, with 24/7 technical support, and regular check-ins. Our account representatives are always available during business hours to answer your questions, go over reports, and discuss any ideas or concerns that you have about our services or your business.

Inclera is committed to your success; *we're on your team.*

Simple, secure payment processing at your fingertips.
